

Wounds Australia 2018

ADVANCING HEALING HORIZONS:
TOWARDS THE CUTTING EDGE IN WOUND CARE

WOUNDS AUSTRALIA NATIONAL CONFERENCE 2018

Adelaide Convention Centre, 24-26 October

www.woundsaust2018.com.au

CONFERENCE PROGRAM

WEDNESDAY 24 OCTOBER 2018 – PRE-CONFERENCE WORKSHOPS

8.30 – 10.30am WORKSHOP SESSION ONE					
Workshop 1a Debridement	Workshop 2 Major Wound Dressings: How do we navigate?	Workshop 3 Burns	Workshop 4 Achieving engaged patients in wound management	Workshop 5 Aseptic Technique	Workshop 6 The swollen limb
Wendy White (TL)	Geoff Sussman (TL)	Burns Association in SA	Charne Miller (TL)	Lyn Thomas (TL)	Jan Rice (TL)
Must attend both 1A and 1B. Introduction and theoretical background for debridement. The workshop will cover tissue type identification, types of debridement, how to debride, safe procedures and scope of practice. Participants will then set up their own stations for Workshop B.	Classification of dressings, assessment tools. Basic to advanced technology – to provide a case study for discussion in groups also including use of a company catalogue	This workshop will provide information on treatment of burns in acute and community settings. It will include assessment, treatment and management of non-healing burns	This interactive session will explore the needs of patients engaging in self-care and their health literacy. Workshop participants will identify strategies they can use to support patients to understand their wound and its care and be an active member of their wound healing team.	Review of recommendations for Aseptic Technique for a dressing procedure. Demonstrations on how to wash a limb and cleanse a wound. Demonstrations of standard and surgical technique. Demonstration of how to process and store open but unused product. Debate or discussion on the merits of the document.	An overview of types of oedema and management (cellulitis, CHF, VLU, lymphedema) Followed by interactive stations including various bandaging techniques and alternates to bandaging, modified compression, Intermittent compression devices and electrical stimulation

11.00 – 1.00pm WORKSHOP SESSION TWO					
Workshop 1b Debridement (continued)	Workshop 5 (Repeated) Aseptic Technique	Workshop 7 Grand Rounds	Workshop 8 Critical appraisal of wound resources and literature	Workshop 9 Offloading and modification of footwear	Workshop 10 Value in wound care: assessing bang for buck
Wendy White (TL)	Lyn Thomas (TL)	Terry Swanson (TL)	Bill McGuinness (TL)	Nikki Frescos (TL), Pedorthic Association	Eugene Salole (TL)
Must attend both 1A and 1B. Practical workshop. This is the practical session on using various methods of debridement	Review of recommendations for Aseptic Technique for a dressing procedure. Demonstrations on how to wash a limb and cleanse a wound. Demonstrations of standard and surgical technique. Demonstration of how to process and store open but unused product. Debate or discussion on the merits of the document.	- Patient with a Stoma - Patient with a DFU - Patient with a PI - Patient with a malignant wound An interactive session to review or learn how to achieve a diagnosis, investigations ordered and their interpretation, treatment options and team work.	Why do we turn people 2 hourly? What does moderate exudate mean? Why does compression need to be 20 to 50mm Hg? This interactive session will explore various evidenced based wound resources available to answer similar questions. Skills in finding evidence, determining how reliable it is and applying it to common practice will be developed via 'real life' challenges.	This practical workshop is tailored for podiatrists and advanced practice nurses working with high risk feet. It will present the 2018 Diabetes Foot Australia guidelines on footwear for people with diabetes and the IWGDF guidance on footwear and offloading interventions to prevent and heal foot ulcers in patients with diabetes. Participants will gain knowledge on the practical application and interpretation of foot scanners and biomechanics for the prescription of footwear and modifications in offloading the diabetic foot.	This workshop is about evidence-based woundcare, health outcomes and costs, with a practical introduction to assessing the "value" of innovative products and procedures. Participants must come armed with pencil, paper, the calculator on their phone and loads of enthusiasm

DAY 1: WEDNESDAY 24 OCTOBER 2018

2.00 – 2.40pm	PLENARY SESSION 1 Conference Opening <ul style="list-style-type: none">• Welcome to country• Welcome to conference <i>Jan Rice, Organising Committee Chair</i>• Health Minister formal opening	Hall C
2.40 – 4.50pm	PLENARY SESSION 2 <ul style="list-style-type: none">• Setting the scene for Healing Horizons <i>Terry Swanson, Scientific Committee Chair</i>• Cutting edge innovations now and in the future for persons with Diabetes Mellitus <i>Prof Alberto Piaggese, Medical and Podiatry School, University of Pisa, Italy</i>• The past, the present and future for skin integrity <i>Prof Karen Ousey, Institute of Skin Integrity and Infection Prevention, University of Huddersfield, England</i>• Present and future innovations from the laboratory in healing and scarring <i>Alison Cowin</i>• Platinum Sponsor <i>Molnlycke</i>	
5.00 – 6.30pm	WELCOME RECEPTION	Hall H
7.00pm	INDUSTRY DINNERS	various

DAY 2: THURSDAY 25 OCTOBER 2018

7.00 – 8.30am	INDUSTRY BREAKFASTS						
	MOLNLYCKE HEALTH CARE A novel solution for continuous pressure injury prevention that address patient and caregiver safety. <i>Presenter: Chenel Trevellini</i>						
	BSN MEDICAL						
	SMITH & NEPHEW						
	COLOPLAST Beyond the edge: Implementing a simple and structured approach to managing infected wounds. <i>Presenter: Sue Templeton</i>						
	HARTMANN Creating the LINK using technology in modern wound care. <i>Presenter: TBC</i>						
	URGO Evidence-based Diabetic Foot Ulcer Care: Emergence of a new first-line treatment as part of the standard of care for Neuro-Ischemic Diabetic Foot Ulcers. <i>Presenter: TBC</i>						
8.45 – 10.25am	PLENARY SESSION 3 – DIABETES MELLITUS						Hall C
	<ul style="list-style-type: none"> Welcome to Day 2 - <i>Nikki Frescos</i> Cutting edge of endovascular options: Present and future options for vasculopathy <i>Patrice Mwphatayi</i> The Global view and innovations in developing countries <i>Prof Alberto Piaggese, Medical and Podiatry School, University of Pisa, Italy</i> Clinical Challenges and the wellbeing of a person with Diabetes Mellitus <i>Dr Kevin Woo</i> Gold Sponsor - <i>BSN Medical Australia</i> 						
10.25 – 10.55am	MORNING TEA						Hall H
10.55 – 12.30pm	CONCURRENT SESSIONS 1						
	1A Infection/Biofilm <i>Thomas Bjarnsholt</i>	1B Pain <i>Wendy White</i>	1C Aging <i>Michael Woodward</i>	1D Pressure Injury <i>Keryln Carville</i>	1E Health Economics <i>Eugene Salole</i>	1F Models of practice <i>Andrea Minnis</i>	
12.30 – 1.30pm	LUNCH						Hall H
1.30 – 3.00pm	PLENARY SESSION 4 - INFECTION						Hall C
	<ul style="list-style-type: none"> Introduction - <i>Karen Ousey</i> Advancing knowledge of wound infection <i>Prof Thomas Bjarnsholt, Department of Immunology and Microbiology, University of Copenhagen, Denmark</i> Epidemiology, transmission and treatment of Buruli ulcer in Australia <i>Dr Paul Johnson</i> Current and future management strategies: Where is the science and the patient taking us? <i>Matt Malone</i> Gold Sponsor - <i>Smith & Nephew</i> 						
3.00 – 3.30pm	AFTERNOON TEA						Hall H
3.30 – 5.00pm	CONCURRENT SESSIONS 2						
	2A Skin Integrity <i>Susan Law</i>	2B Diversity/culture populations <i>Trudi Collet</i>	2C Natural Therapies <i>Emily Haesler</i>	2D Bariatric <i>TBC</i>	2E 3 Minute Thesis <i>Charne Miller</i>	2F IWII AGM and The Great Debate on the Wound Infection Continuum <i>Karen Ousey</i>	

5.00 – 6.00pm	WOUNDS AUSTRALIA AGM	
7.00 – 11.00pm	CONFERENCE DINNER <i>"CABERNET CABARET"</i>	Hall F

DAY 3: FRIDAY 26 OCTOBER 2018

7.00 – 8.30am	INDUSTRY BREAKFASTS						
	3M Revolutionising the science of skin protection. <i>Presenter: To be advised</i>						
	ACELITY Innovation of Remote Therapy Monitoring. <i>Presenter: To be advised</i>						
	MEDI-RENT Topic to be advised. <i>Presenter: Margo Asimus</i>						
	MEDLINE Concentrated Surfactants: The emerging science and navigating treatment options <i>Presenter: Gregory Schultz</i>						
	NESTLE Topic and presenter to be confirmed.						
8.45 – 10.25am	PLENARY SESSION 5 – SKIN DISEASES						Hall C
	<ul style="list-style-type: none"> Welcome to Day 3 – <i>Jan Kottner</i> Living beyond expectations: The Epidermolysis Bullosa experience <i>Dean Clifford</i> The future of skin disease identification and management <i>Speaker to be confirmed</i> Lotions and potions now and beyond for skin care <i>Geoff Sussman</i> Gold sponsor - <i>ConvaTec</i> 						
10.25 – 10.55am	MORNING TEA						Hall H
10.55 – 12.45pm	CONCURRENT SESSIONS 3						
	3A Industry Innovations <i>Terry Swanson</i>	3B International Stream <i>Bill McGuinness</i>	3C Lower Leg Wounds <i>Alberto Piaggese</i>	3D Palliative Care <i>Kevin Woo</i>	3E Psychological Impact <i>Zena Moore</i>	3F Wound Bed Preparation <i>Greg Schultz</i>	
12.45 – 2.15pm	LUNCH						Hall H
2.15 – 3.45pm	INNOVATION TANK			Chair: Bill McGuinness			Hall C
	<ul style="list-style-type: none"> \$5000 research project Max 6 participants 			Panel: Industry member Clinician Researcher Greg Schultz International International			
3.45 – 4.15pm	CONFERENCE CLOSE						
	<ul style="list-style-type: none"> Poster and Abstract Awards Next Wounds Australia National Conference 2020 						
4.15 – 5.15pm	CONFERENCE DRINKS AND NIBBLES						Foyer
	<i>Transport via bus to Adelaide airport available</i>
